1. The Chairman welcomed everyone.
2. The minutes of the meeting held in July 2025 were summarised, taken as read and adopted.
3. **Chairman's Report:** The Chairman summarised the last year's work - review of planning applications, within the Hull Road planning group, chasing resolution of Residents' Parking negotiations, school parking, web site updates.
4. **Treasurer's Report:** Jon Edison reported on the financial position of the Group.
The Previous Balance (1/7/2025) £751.36
Current Balance £603
5. **Secretary's Report:** The Secretary explained how difficulties contacting University staff had delayed progress with ResPark issues.

We can advise Residents who to report issues to in the Council, how to use CYC's IT systems and on occasions - accompany them to meetings with CYC or other Residents
6. **Committee Election:** everyone expressed their willingness to remain in office for a further year. Nobody else expressed an interest to stand.. Therefore, following a proposal by the Chairman, it was agreed that the current Committee members should be re-elected
7. **Issues from 2025, early 2026**

The ResPark contract was renewed for 5 years, that is through to September 2030. We will look to influence events then!

Emily Scott is monitoring the Active Travel Plan group (school parking safety project) and looking to obtain a timetable for the work

We have worked with CYC to clear pavements (of overhanging hedges) and unhygienic properties.

We have worked with various groups to replace dead trees on the field

The 2026 Fun Day was a success - with about 90 attendees. Thanks to local businesses for raffle prizes and CYC for sponsorship.

8. Current and future issues

University geothermal project - Matt Thompson, a Project Engineer, gave us a thorough review of work to date. We will look to provide a summary document as soon as practical.

Hull Road Park Fun Day is this Saturday 4 July 11:30 . The Park has had £100K of investment
